## The Select Six

In the interest of providing variety and ongoing options to our malt whisky connoisseurs, Pints offers the Select Six. **This selection of whiskies changes at informal intervals** to allow us to offer interesting new and different whiskies without the, not inconsiderable, complications of re-vamping our entire list.

Please note these details. These and only these whiskies are offered in different dispense quantities other than our standard (1 1/2 oz. regular strength or 5/8 oz. cask strength) pours. These six, only, are offered at double (1 1/2 oz) or wee (5/8 oz.) pour volume quantities. This is to encourage experimentation and, especially, the ordering of "flights" of whisky so that the consumer can contrast and compare the spirits.
